**DEPARTMENT OF HOMELAND SECURITY**

**Transportation Security Administration**

**Intent to Request Renewal From OMB of One Current Public Collection of  
Information: Sensitive Security Information Threat Assessments**

**AGENCY:** Transportation Security Administration, DHS.

**ACTION:** 60-day Notice.

**SUMMARY:** The Transportation Security Administration (TSA) invites public comment on one currently approved Information Collection Request (ICR), Office of Management and Budget (OMB) control number 1652-0042, abstracted below that we will submit to OMB for renewal in compliance with the Paperwork Reduction Act (PRA). The ICR describes the nature of the information collection and its expected burden. The collection involves TSA determining whether the party or representative of a party seeking access to sensitive security information (SSI) in a civil proceeding in federal court may be granted access to the SSI.

**DATES:** Send your comments by [Insert date 60 days after date of publication in the Federal Register].

**ADDRESSES:** Comments may be e-mailed to [TSAPRA@dhs.gov](mailto:TSAPRA@dhs.gov) or delivered to the TSA PRA Officer, Office of Information Technology (OIT), TSA-11, Transportation Security Administration, 601 South 12th Street, Arlington, VA 20598-6011.

**FOR FURTHER INFORMATION CONTACT:** Susan L. Perkins at the above address, or by telephone (571) 227-3398.

## **SUPPLEMENTARY INFORMATION:**

### **Comments Invited**

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 et seq.), an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The ICR documentation is available at <http://www.reginfo.gov>. Therefore, in preparation for OMB review and approval of the following information collection, TSA is soliciting comments to--

(1) Evaluate whether the proposed information requirement is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden;

(3) Enhance the quality, utility, and clarity of the information to be collected;  
and

(4) Minimize the burden of the collection of information on those who are to respond, including using appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

### **Information Collection Requirement**

OMB Control Number 1652-0042; Sensitive Security Information Threat Assessments. TSA is seeking to renew the control number (1652-0042) for the maximum three-year period in order to continue compliance with sec. 525(d) of the Department of Homeland Security Appropriations Act of 2007 (DHS Appropriations Act,

Public Law 109–295, 120 Stat 1382), as reenacted, and to continue the process TSA developed whereby a party seeking access to SSI in a civil proceeding in federal court who demonstrates a substantial need for relevant SSI in the preparation of the party’s case, and who is unable without undue hardship to obtain the substantial equivalent of the information by other means, may request that the party or party’s representative be granted conditional access to the SSI at issue in the case. The procedures also apply to witnesses retained by a party as experts or consultants and court reporters that are required to record or transcribe testimony containing specific SSI and do not have a current security threat clearance required for access to classified national security information as defined by E.O. 12958 as amended.

In order to determine if the individual may be granted access to SSI for this purpose, TSA will conduct a threat assessment that includes: (1) a fingerprint-based criminal history records check (CHRC), (2) a name-based check to determine whether the individual poses or is suspected of posing a threat to transportation or national security, including checks against terrorism, immigration, or other databases TSA maintains or uses; and (3) a professional responsibility check (for attorneys and court reporters).

TSA will use the information collected to conduct the security threat assessment for the purpose of determining whether the provision of such access to the information for the proceeding presents a risk of harm to the Nation. The results of the security threat assessment will be used to make a final determination on whether the individual may be granted access to the SSI at issue in the case. TSA estimates that the total annual hour

burden for this collection will be 120 hours, based on an estimated 120 annual respondents and a one-hour burden per respondent.

Dated: August 9, 2013.

Susan L. Perkins,  
TSA Paperwork Reduction Act Officer,  
Office of Information Technology.
